Construction

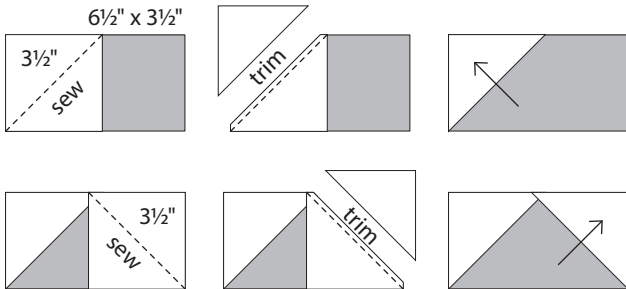

Use 1/4" seams. Press in the direction of the arrows in the diagrams.

1 House Rooftops A, B, C, and D

Draw a diagonal line from corner to corner on the wrong side of 4-3 1/2" house squares and 6-3 1/2" background squares.

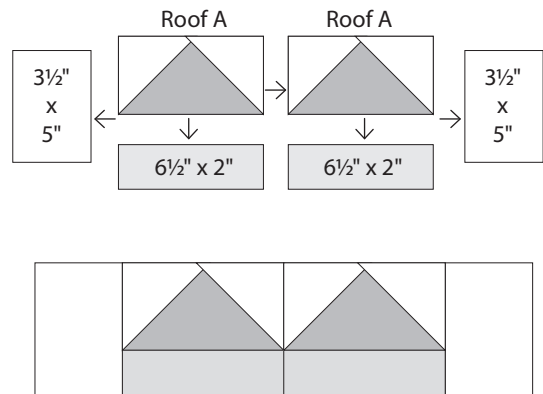

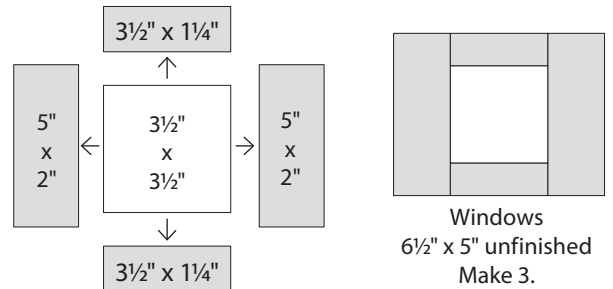

The same technique is used to make all the roof tops. Just note whether you are using a marked house or marked background square. Layer a marked square, right sides to together, on 1-6 1/2" x 3 1/2" roof rectangle as shown. Sew on the diagonal line. Trim 1/4" from the sewn line. Press to reveal the triangle. Repeat on the opposite end of the same rectangle.
